

AR / 3D ARTIST

Design Department

September 2022, Tommy London

WE ARE TOMMY, ARE YOU?

Are you a passionate 3D expert with a deep understanding and love of all things augmented reality? Are you able to think conceptually and technically at the same time? Tommy is seeking a talented 3D Designer on a temp-to-perm basis to join its international team of creatives, designers, developers and producers creating high-calibre creative work for some of the world's most audacious culture and lifestyle brands.

Working alongside our Art Directors, we need someone to storyboard, design and develop a variety of AR executions for a wide range of applications. From social media campaigns for some of the year's biggest entertainment releases, to integrated live events and out-of-home campaigns for some of the world's leading brands. We are looking for an ambitious, passionate designer that sees the huge potential in AR and is keen to take it in exciting new directions.

RESPONSIBILITIES

Daily you will be expected to:

- Deliver best in class AR
- Drive innovation and creativity in the AR space
- Help creatively respond to clients' briefs bringing them groundbreaking ideas they hadn't even thought of
- Use your knowledge of 3D modelling, texturing, lighting, animation, physics and particle systems to deliver high end production
- Work closely with other art and engineering teams to take on and overcome technical challenges
- Use your expertise with at least two of the leading AR applications (e.g. Spark, Effect House, Snap Lens Studio) as well as experience with the Adobe Creative Cloud
- Be on top of the latest trends in Design and Tech
- Showcase an instinctive good eye for design and detail
- Push the work of our design team
- Inspire our creative team and our clients
- Be able to sell-in your design choices internally and externally
- Have a strategic design mind, deeply routing all your work in research
- Collaborate with different areas of the business (motion, creative, client service, production)

A big plus if you have any of the following

- Web AR
- Motion graphics (After Effects)
- Scripting (Spark AR, Snap Lens Studio)

ABOUT YOU

You are passionate about your design and craft, but you enjoy working in a team, sharing knowledge and bouncing ideas around.

You come at every challenge with fresh eyes

You never stop learning

You take nothing for granted

You always ask why, why not, what if

You mix weird ingredients

You love different
